

**CARLISLE TOWNSHIP CEMETERIES
RULES, REGULATIONS, AND RESTRICTIONS
EFFECTIVE NOVEMBER 4, 2019**

The following reasonable rules, regulations, and restrictions are made in the interest of all concerned in order that the Carlisle Township Cemeteries may always be a place of abiding beauty and a source of continual satisfaction to all whose interests are here.

These rules, regulations, and restrictions will supersede all former rules, regulations, and restrictions and will become effective as amended and be in force November 4, 2019. These rules, regulations, and restrictions may be altered or amended at any time at the discretion of the Carlisle Township Trustees without notice to the plot owners. Violators of these rules and regulations will be prosecuted to the fullest extent of the law. The Trustees are not responsible for person's walking in the cemetery, injured by uneven grounds, beyond the normal maintenance. The Trustees are not responsible for damage to monuments beyond reasonable care.

No hunting, loitering or littering will be permitted on Cemetery grounds. Cemeteries are for human burials only and will not discriminate based on gender, race, religion, ethnicity, or sexual orientation.

LOTS

Residents and Non-Residents of Carlisle Township will be eligible to purchase burial places in LaPorte Cemetery, Murray Ridge Cemetery, and will be furnished a copy of these Rules, Regulations, and Restrictions upon request or in conjunction with any inquiry related to the purchase of a burial plot. All money is to be paid to the Township Fiscal Officer. **Checks should be made payable to Carlisle Township.** The Carlisle Township Trustees will issue a deed for the burial plot(s) when accounts are paid in full.

Residents are persons living within the boundaries of Carlisle Township. In making a determination of residency, the Township shall consider any or all of the following:

1. Whether the individual owns real property within the Township;
2. Whether the address appearing on the individual's driver's license or other State ID is located within the Township;
3. Whether the individual receives mail at an address located within the Township;
4. Any other relevant facts establishing a connection with the community evidencing the intent to be a resident of the Township; and

Residents also include those who have left Carlisle Township within the last five (5) years for health reasons and were confined to a hospital, nursing home, or short/long-term care facility at the time of death. Past long-time residents may be considered for the residential rate at the discretion of the Carlisle Township Trustees.

Each owner is vested with the ownership of their interment or inurnment right for the sole purpose of interment or inurnment of human dead bodies. **They do not own the land.** When a cemetery plot or grave is purchased, the cemetery retains ownership of the land. The purchase allows the owner the right to be buried on cemetery property. This burial right is owned in perpetuity, and can be handed down in a family or willed to another family member. (See Deed Transfers)

2ND INTERMENT RIGHT

The purchase of a lot in accordance with these Rules, Regulations, and Restrictions will vest the owner with one (1) right of burial (interment or inurnment) per site. In the event that a lot owner wishes for the remains of other individuals to be placed within the same site as that for which the burial right was purchased, the cost of this second interment or inurnment will be charged at fifty percent (50%) of the current purchase price of the lot in question.

In any event, no more than two (2) cremation burials, or one (1) burial and one (1) cremation burial, or one (1) parent and one (1) infant burial will be permitted per site

Please refer to the attached CARLISLE TOWNSHIP CEMETERY FEES schedule for lot prices and information.

All burial plots must be paid in full before interment takes place.

LOT REPURCHASE

Should a lot owner no longer wish to own the burial rights of a lot(s), the Carlisle Township Trustees may repurchase these lots at their discretion at the owner's original purchase price. The original owner must present the original deed to the Township Fiscal Officer to complete this transaction. The Trustees will then offer said lot(s) to the public at the current rate for a plot.

DEED TRANSFERS

All transfers are at the discretion of the Carlisle Township Trustees.

Please refer to the attached CARLISLE TOWNSHIP CEMETERY FEES schedule for deed transfer fees and information.

Any person who receives a Carlisle Township cemetery grave by gift, inheritance, or any other means other than the original conveyance will, within one year after receiving the interest, provide written notice of his/her name and address to Carlisle Township and will notify Carlisle Township of any subsequent changes. If the original deed holder is living, he/she will surrender the deed to the Township and the Trustees will issue a new deed in the new owner's name. The old deed must be properly notarized before this transfer can be made. See Fee Schedule for transfer costs.

If proper notification is not received or the owner or his family has not used the grave(s) within 50 years, Carlisle Township will send, via certified mail to the last known address, its notice of intent to repurchase. If the owner's address is not known, a legal notice will be published, once, in a newspaper serving the county, of the Township's intent.

If a non-resident is buried on a resident's lot, the non-resident opening and closing fee applies. If the deceased was a former longtime resident of Carlisle Township (15 years or more) the resident's fee will be applied.
